VoglVariety

The Art of
Perfect Shape!

VoglVariety offers boundless freedom of creativity
to architects, planners and designers.

**The Ease
of Complex Shape.**

# Flexible.
Boundless.
Creative.
Individual.

Sophisticated Design
Perfectly Implemented

VoglVariety will help you create an impressive experience of space with a high recognition value. This product line makes extraordinary ideas, sophisticated designs and complex shapes come true. Thanks to the special material composition with fibre-reinforced plaster (aka G.R.G. – Glass Reinforced Gypsum), there are no limits to your creativity.

Each and every **VoglVariety** element is manufactured individually according to your preferences and specifications. We thus provide tailor-made individual modules with a high degree of pre-fabrication to ensure efficient and easy installation on site.

VoglVariety boasts a number of advantages:

- Individual design
- Complex two- and three-dimensional shapes possible
- High surface hardness and rigidity
- Low own weight
- Time-saving installation
- Efficient logistics and practical handling at the job site
- Material class A (non-combustible)

Living Creativity

Our **VoglVariety** product line enables a wide range of geometric shapes and designs out of the ordinary. This produces an impressive experience of space.

Thanks to the special material composition of gypsum and fibre-glass, **VoglVariety** inspires with its low own weight. Combined with light, the non-combustible and dimensionally stable elements become a real eye-catcher.

Creative and inspiring.

With **VoglVariety**, you can explore your creativity to the fullest and let your inspiration flow. This product line provides an unlimited variety of shape.

Individual and boundless.

What makes **VoglVariety** stand out is its unlimited design freedom.
Whether dome, vault, column cladding or light channel, this product line is impressive in any application.

Functional and well-thought out.

VoglVariety is compatible with most standard moulded components made by Vogl. Already in the factory, the individual modules are fitted with fixing points for subsequent suspension in the vernier system to ensure quick and easy installation.

VoglVariety

High-end quality

Thanks to the skills and the know-how of our employees, we are one of the most successful manufacturers of high-quality ceiling systems in the world. Cutting-edge technology and manufacturing processes allow us to supply products of high-end quality.

We are strongly committed to environmental sustainability. Our priorities are therefore: sustainable and resource-saving production, optimising manufacturing processes, improving the efficiency of recycling operations and avoiding waste.

Comprehensive Support
in Every Phase of the Project

We support you at every stage of the project. We deliver practice-oriented solutions and optimal job site logistics.

Planning & Development

We help you with
brainstorming creative ideas, make design suggestions and prepare planning schemes. We will provide you with a cost estimate.

Submittal & Approval

We prepare
detailed technical documentation and provide proof of material properties.

Engineering & Consulting

We do
the detailed technical design of the ceiling concept, prepare installation plans, 3D-CAD and detailed drawings.

Tendering & Award

We provide
tender documentation, ensure proper preparation of specifications, check and evaluate technical alternatives.

Execution & Service

We guarantee
a high degree of pre-fabrication and site-specific delivery.
We assist in finding specialists or give instructions to installers at the job site.
